How this visit was useful to students for strengthening their practical understanding?	Students of Semester 4 and 6 visited Param Technologies for an industrial visit to gain insights into the IT industry. Experts Dipesh Majithia and Nisha Gor shared valuable guidance on current market trends and career-building strategies. They highlighted rapid advancements in artificial intelligence, cloud technologies, full-stack development, and cybersecurity, urging students to stay updated with these domains.. The visit effectively bridged the gap between academic learning and industry expectations, motivating students to set clear career goals and develop the skills needed to succeed in the competitive IT sector.
