

Date: 25/02/26

Event : VIEROTSAV-Javelin Throw(Boys/Girls)

Venue: Vadodara institute , Kotambi

The Javelin Throw event for both boys and girls was successfully conducted as part of the annual sports festival under my coordination. The event witnessed enthusiastic participation from students across different categories.

All necessary arrangements, including marking of the throwing sector, safety measures, and equipment setup, were completed prior to the event. Participants were briefed about the rules and safety guidelines to ensure fair play and avoid injuries.

The competition was carried out smoothly, with each participant getting fair attempts as per the rules. Judges carefully measured each throw and recorded the results accurately. The event maintained a high level of discipline and sportsmanship throughout.

Overall, the Javelin Throw event was well-organized, competitive, and engaging, contributing positively to the success of the sports festival.
